

## Smart Meter Plank Revision

**Whereas** Texas is now allowing water utilities to install wireless water meters without a consumer opt out,

**Therefore, be it resolved** that we change plank 41 to read: Smart Meters: The Republican Party of Texas supports a no-cost opt-out for all Texas utility customers including electric, water, and gas utilities and the phaseout of smart meters (aka Advanced Meter Infrastructure), to be replaced with mechanical, non-transmitting analog meters when software upgrades are required or the computer smart meters require replacement due to mechanical failure or model upgrade requirements.”

**BE IT FINALLY RESOLVED**, that a copy of this resolution be sent to the \_\_\_\_\_ County or Senate District # \_\_\_\_\_ Convention Resolutions Committee from Precinct \_\_\_\_\_ with the recommendation that it be passed and sent to the State Convention Platform Committee of the \_\_\_\_\_ Party of Texas.
